

CURRICULUM VITAE

Cover Letter:

I'm a talented jewelry designer, having a strong practical basis in the jewelry hand-crafting and manufacturing. I've developed my computer drawing techniques using (Rhinceros/Matrix, Zbrush, and 3Design). During my work progression, I've built an exquisite modeling portfolio that I'm proud to present on my respected business interviews.

I joined several companies in Lebanon, Saudi Arabia and UAE as a Designer and Model-Makers Supervisor. In year 2010, I opened my own service bureau, serving the small and medium jeweller's workshops, where I draw and follow-up a stream of successful artistic fine Jewelry designs.

I'm interested in a challenging vacancy, so I can express, share and develop my expertise in this field.
